Agile: Manifest & Principles

Agile Manifesto and Agile Main Principles

The Agile Manifesto, signed in 2001, establishes a framework for business practices. Although the Manifesto only consists of 68 words, its short and effective 4 main values are a source of inspiration for the success of many world-renowned companies. Today, successful practices in HR, marketing and even finance are the subject of international articles.

Agile Manifesto Values

The Four Values of The Agile Manifesto:

Individuals and Interactions Over Processes and Tools.

Working Software Over Comprehensive Documentation.

Customer Collaboration Over Contract Negotiation.

Responding to Change Over Following a Plan.
