Umut Baba - Vice President Of Purchasing Of A101

“In the Agile work, I had the chance to observe how they melt the different perspectives of team members from different specialties in a single bowl for **a common goal.** I saw that the common logic, which is a result of the reciprocal information sharing of the team members, provides more extensive and spot-on solutions. Those solutions were highly applicable and realistic.**”**

Umut Baba

Vice President of Purchasing A101
